Snapshot – Who is AutomWorx?

- AutomWorx is an independent consulting company staffed with a team of highly experienced solution architects, consultants, and project managers with over fifteen years of experience working with Automic software for customers globally. We are available to assist you with all of your Automic needs – whether that involves new licensing, installation, upgrades, migrations, product training and Extended Support.

Snapshot – What Consulting Services Do We Offer?

- Our consultants specialize in Automic OneAutomation, AppWorx and UC4 software implementations
- We offer end-to-end implementation expertise:
 - Architectural analysis
 - Technical and sizing consultation around the hardware, operating systems, database management systems & third-party utilities required to sustain your Automic environments.
 - New software installation in your non-production and production environments
 - Establishing a Disaster Recovery plan and configuration with you
 - Collaborating and putting a robust security plan in place
 - Automic software configuration with expert job scheduling and reporting services
 - Testing and issue remediation
 - Go-live assistance
 - End user and administrator knowledge transfer & formal education services
 - Project management oversight with a specialization in Automic project deployments
- AutomWorx personnel are highly proficient in various Automic agent deployments including:
 - Ellucian Banner
 - Informatica
 - Oracle JD Edwards
 - Oracle E-Business
